JUDGE MOORMAN'S CANDIDACY.

The Meade County Messenger of March 21, said:

"The careful attention of our readers is hereby directed to the announcement of Judge Henry DeHaven Moorman, of Breckenridge county, for Commonwealth's Attorney. This announcement, within itself, is a convincing argument why he should receive the support of Meade county, and the district, and be elected. He is a self-made man, coming from a large family of fighting Democrats, is an unusually able and eloquent young lawyer. He offered his services to his county in youth, was the youngest County Judge ever elected in Kentucky, and has always been recognized as an active, useful and progressive citizen; possessing great courage, much energy and the highest sense of honor. As an editor, some years ago, he evinced capacity and fearlessly expressed his convictions. As County Judge, he reorganized the county government of Breckenridge county, and, as County Chairman, he has reunited his party and has the confidence of his people. But few young men enjoy the large law practice that he does, and his general usefulness is well known. His public service has been characterized by ability, honesty, fearlessness and progressiveness, and the way a man stands at home is the best test of who and what he is. We have a neighborly pride in his record and ambition.

"Judge Moorman says he is running his own race for Commonwealth's Attorney, regardless of all other races, either in the counties, districts or state, and this is a wise policy."

The Breckenridge News, as an observer of Judge Moorman's public and private conduct from his maturity, indorses every word of the foregoing editorial. Our citizens, regardless of politics, will do the same. Judge Moorman is a man of energy and integrity with force of character and ambition, and the character of his public service has earned for him the advancement sought. In all fairness, it is Breckenridge county's time, and, with the character of the candidate we present and the merit of his appeal, we confidently predict his election. If he is, judging by his past record, he will discharge his duties in such manner as to reflect credit on himself, our county and the district. As a charitable and progressive citizen, honest and capable official, true Democrat, able young lawyer, and worthy aspirant, we commend Judge Moorman's candidacy to the voters of our county and the district.

HELP THE SCHOOL CHILDREN.

In the wake of school improvement Cloverport is coming to the front, and while the town has no special organization to improve the school and its building, the School Board has done a great deal for the betterment of C. H. S. during the last two years, and one can say further that the Board could not have done better. What the Board members and the school children need now is the co-operation of the citizens and patrons. Let the people of Cloverport show their true appreciation of the High School and those who work for its success by giving, as liberally as they can, to the Concrete Walk Fund.

The school certainly needs this walk and new front steps that are positively dangerous for little folks. If you do not realize or cannot conceive the necessity of this concrete walk, visit the school yard on a rainy day or look at your children's shoes. If every one would give 50 cents, the amount of \$150 would soon be raised.

The Breckenridge News opens the list with a subscription of \$2. Send in your contribution to Prof. Culton now and you will be given credit. The comfort and good it will do the children will be returned to you in some way, some time, a pleasure that shall be a hundredfold.

OUR GOOD FRIEND, THE COW.

Dr. W. P. Foote, at his recent stock sale, made the following remarks of much interest to those who appreciate the family cow:

"Friends, I want to thank you, for I very much appreciate your presence at this sale and confidently predict that you will appreciate any cow that you are fortunate enough to secure.

"There's no animal so closely related to man and to family life as the cow, and especially the Jersey cow.

"From the time we are born to the time we die we require milk, and most of the time the products made from milk; and nothing gives such completion to any menu as good rich milk, delicious cream and butter.

"More men and women dream of some day owning a good Jersey cow than aspire to any other one thing in the world, and comparatively few comprehend what she may be made to produce in the way of family support. Once regarded a luxury, but since the great battle of the breeds in 1893, she's everybody's cow; and since high cost of living is to be reckoned with, she's the poor man's cow."

THE SCREEN ORDINANCE.

Now that Cloverport has passed the chicken ordinance it should not be content to sit up and let the flies swarm around the city's food. This ordinance requires that all restaurants, grocery stores, bread wagons, etc., must be screened by April the first. If everybody would begin today to swat the fly, much illness would be prevented during the summer.

We add the following new announcements this week: Hon. D. H. Severs, of this city, for Representative; James M. Withers, of Kirk, for County Judge. Mr. Severs is well known to the Democrats of this county, having served the people as Representative before. Mr. Withers is a well known citizen and Democrat, and comes from a staunch Democratic family, and is the first of the name to seek an office.

Hawesville has designated April 10, Clean-up Day for that city. Cloverport should follow suit.

The Telltale

Tick of Time

The B. P. A., movement that we promised to inaugurate, interests breeders more perhaps than anything else, and briefly explained is this:

We enroll the name of each and every patron as a member of the "Breeders' Profit-sharing Association." You pay no fees or dues, assessments or anything of the kind.

Benefits you may derive as a member of the "Breeders' Profit-sharing Association," come through the enlarged market we will bring to you. We are almost constant advertisers, not only in this county but we cover Kentucky, Indiana and Tennessee as well. When not advertising one thing we are advertising another. This keeps what we have to sell before the public and brings us buyers. We sell our corn and farm seeds by judicious advertising.

We disposed of a large dairy herd quickly by using the medium that would reach dairymen.

We were successful in bringing you a good cash buyer for your wool so long as we kept sheep, and it made you money.

And now that our attention is to horses and mules, our field is very much enlarged and enriched and we promise you something that you never had before. It's this: In advertising our own things we will keep the outside world advised as to horses and mules of this Association.

We will Have Mule Day;

We will Have Horse Day;

We will then have horse and mule day together.

We will have the local buyer and the foreign buyer, and all the buyers present and you will sell your mules enough higher to pay our breeding fee. This, then, is the same thing as free service, and we hope to bring it about.

By coming to us you connect with a live wire that runs straight into the best mule markets, and we pay all expenses. Join the B. P. A.

A Romance of Strenuous Affection

We are pleased to announce that we have arranged to print as our next serial this screaming comedy.

THE STORY is all about a house-party on a Western ranch—they are a jolly group of young people. Trouble arises from the fact that the hero has led his friends to believe he is an athlete, when, as a matter of fact, he never did anything more athletic than lead the cheering for the others. His predicament and that of a fat man who is with him as his "trainer" form a humorous background for a dashing love romance.

You will enjoy it thoroughly!
